7. Activities
 - a. The Garage sale took place, but it was not without incident. Several robberies took place in the aftermath. Local police have theorized that the alleged perps may be people who visited Wall Lake during the garage sale. A discussion took place as to whether or not it was in the best interest of our lake community for GWLA to sponsor an annual garage sale. There is nothing that precludes an individual from having a garage sale at their residence. An all-lake garage sale, however, has the potential to draw in an undesirable element to our cherished lake community. It was decided that the GWLA would open this topic up for discussion at our annual meeting.
 - b. Boat Parade-Alan will lead the parade. House numbers will be posted on the boats participating and Directors will vote.
 - c. Communication-The newsletter is finished. Eric did a good job of putting it together. Many thanks Eric for your hard work.
 - d. Fish- The plan is to stock the lake with more Walleye. Additional funds are needed, and this will be presented to GWLA members at the annual meeting.
 - e. Water quality-The PLM schedule has been sent out. The CLMP testing is underway.
